### Project Description

Asbri Transport is retained by the University of Glamorgan to undertake Annual Travel Surveys as part of the on-going monitoring of their Travel Plan (2010- 2015).

We devised the questionnaire surveys, for both staff and students, and then undertook face-to-face interviews at each of the University's our main campuses: Treforest, Glyntaff, ATRium (Cardiff) and the Royal Welsh College of Music and Drama (Cardiff)

The purpose of the Annual Travel Survey is to ascertain the travel behaviour for staff and students. This will enable us to monitor progress against the targets set in the Travel Plan. Approximately 1000 surveys were completed, and the results are now being used to determine what, if any, further measures may need to be implemented in order to achieve the modal share targets.
